

香港首座零碳建築 + 創意烘焙 + 慈善活動

The first zero carbon building in Hong Kong & Pastry Passion & Charitable activities

以每年運作計算，透過利用可再生能源就地發電，回饋電網，抵銷從電網中使用的能源。

Offset of operating energy consumed from the grid by on-site renewable energy generation with grid-feed-in on an annual basis.

透過光伏板和以生物柴油推動之三聯供系統，現場生產可再生能源較營運時所需的能源更多。

Generating on-site renewable energy more than operation needs, from photovoltaic panels and a biodiesel tri-generation system.

慈善活動，原理是減去組織活動所產生的成本費用，余款作為慈善活動用途。

As a Charitable activities, the basic principle is to cover the costs reasonably incurred in, minus the costs reasonably incurred in organizing the event.
